

CountEasy 2 & CountEasy 2 IP

LESS

IS

MORE

LESS handling

LESS mistakes

LESS downtime

LESS shrink

With over 50,000 CountEasy units in daily use, you already know that you can depend on the CountEasy 2 to provide 100% accurate counts first time, every time; eliminating count errors.

With the CountEasy 2, you can accurately count the entire contents of a till in less than 1 minute, saving you time and money, and also enjoy a whole host of features including a large LCD backlit configurable screen; easy and quick float set-up capability and the ability to count two active currencies, to make your cash counting even easier.

The CountEasy 2 is portable and operated from mains or rechargeable battery for up to 12 hours. So you can count your cash at POS or in your back office.

Ideal for speeding up spot checks, lifts, banking, shift changes and end of day, the CountEasy 2 is extremely versatile, and is available with or without an integrated printer.

GET CONNECTED

The CountEasy 2 can be enhanced with Connect driver software which enables the transfer of count data from your CountEasy 2 directly into a windows PC via a USB cable. This allows you to automatically populate a spreadsheet or back office application, saving significant time and removing the opportunity for manual errors.

MORE profit

CountEasy 2 & CountEasy 2 IP

LESS IS MORE

- LESS handling** Six times faster than counting by hand, reduces time invested counting cash
- LESS mistakes** Provides 100% accurate counts first time, every time; eliminating count errors
- LESS downtime** Fast counts mean less downtime during normal trading and shift changes
- LESS shrink** Creates greater accountability and less opportunity for cash to go missing

BENEFITS OF THE COUNTEASY 2 & COUNTEASY 2 IP

- ▼ Six times faster than counting by hand and more accurate
- ▼ Keeps a real-time running total, so you always know where you are in the count
- ▼ Use the CountEasy 2 to set your starting floats making them quick and easy to prepare
- ▼ Fast and simple to check bundles when checking till contents
- ▼ Portable so you can count anywhere, even without a power socket nearby
- ▼ Allows you to balance a drawer quickly in front of customers in case of a change dispute
- ▼ Weighing mode allows you to weigh miscellaneous items
- ▼ Small footprint takes up minimal desk space
- ▼ Adding a printer (by ordering the CountEasy 2 IP), which also runs off the rechargeable battery, allows the cashier to sign a hard copy print out of every count, giving better accountability
- ▼ Larger, easier-to-read backlit screen with bold font
- ▼ Select up to 32 languages and count cash in any two currencies of your choice
- ▼ Industry leading 5 year box swap warranty for complete peace of mind

GET CONNECTED

- ▼ USB port for easy data transfer
- ▼ Automatically auto populate a spreadsheet
- ▼ Automatically transcribe to Notepad
- ▼ Automatically update your cash management system
- ▼ Output Modes: Amount, Count, Total, Printer
- ▼ Configurable Data Separators (getting from field to field)
- ▼ Automatic creation of time stamped file on the host (CSV Mode) for audit or interface purposes
